

SIMPLY BABY | 2015

SIMPLY BABY SESSIONS

These mini sessions are the perfect length for babies and toddlers and absolutely the right shoot for you if you have one child under 2 years of age (and older than 12 weeks).

Our unique natural light studio makes for the dreamiest of portraits. This 30 minute session is an investment that will grow in value to you as the years rush by and your children grow and change.

The focus of a Simply Baby shoot is purely on baby - chubby arms and legs, tiny hands and feet, big curious eyes and kissable cheeks.

We will start the session by having some fun with your little one. Natural smiles and giggles are what we go after, so that you can wholeheartedly say we captured them just as they are.

In the last five minutes of the session we take a few family photos. If you would prefer a longer family element to your shoot we recommend you to book a Simply Family session.

FAQs

- HOW SHOULD WE DRESS OUR CHILD FOR THE SHOOT?

This is the most important part of a Simply Baby Session! We recommend white, cream or very soft pastels. Vests, leggings or knickers work best. As this session focuses on all the things that make your baby their own unique little self, it is so important to keep the clothing neutral so that the photos are all about your gorgeous baby. We have leggings, vests and knickers here in the perfect colour palettes so you don't even have to worry about buying your own!

If you are bringing your own outfits we recommend you avoid dresses for little girls as they cover their legs and feet in photos. We would advise going for a top or tunic with knickers instead.

- HOW SHOULD WE DRESS OURSELVES FOR THE SHOOT?

Our studio is natural light and it is beautiful! Huge windows that pour lovely soft light all throughout the shoot space. If you want to work with that light and use it to your advantage we highly recommend the following:

- soft neutral colours always work best - grey, white, cream, pastels - these will give you the optimum results! They will work best with any skin tone, as a family you can all wear variations of these colours and tones so you aren't too 'matchy matchy' but sticking with this soft and neutral palette will give you a really timeless set of images.

- avoid big logos or cartoon characters on kids clothing as it dates the photos.

- we will ask you to remove shoes for the shoot so make sure your tootsies look good :)

- accessories are lovely - jewelery, scarves etc are great and add a bit of character.

FAQs

- WHY DO I HAVE TO PAY THE FULL AMOUNT UPON BOOKING?

We are a very busy studio and we book up quite far in advance. Therefore, we take the full amount upon booking to secure your spot.

- WHAT IF MY CHILD IS SICK ON SHOOT DAY?

We understand that little bodies get sick and life doesn't go according to plan! In such cases we do our best to reschedule you to the next available appointment date.

- CAN MY SHOOT TAKE PLACE IN THE EVENING?

We are natural light studio so we only shoot while the sun is in the sky!

- WHAT IS INCLUDED IN THE PRICE?

The planning and implementation of your shoot plus all of the full resolution printable images supplied to you digitally via your own personal image gallery.

- CAN WE PURCHASE PRINTS FROM YOU?

Yes! we have a selection of gift products, wall art and storybooks available. You can make purchases directly from your online gallery.

SHOOT DAY!

On shoot day please arrive at your allotted time as we typically will have sessions before and after yours so if you are early or late we cannot add extra time to your shoot.

When you arrive we will get your child organised and take them into the shoot space to start the shoot. At this point we invite parents to help themselves to tea, coffee and snacks, sit back, relax and enjoy the quiet while we get to know the children and take some photos of them!

If your kids are shy or unsure we might ask you to come into the shoot space with us for reassurance but typically we like to see if we can make a wee connection with them to begin with.

We have a little space for clients to sit in, if kids need a snack or baby needs a feed or dad needs a strong coffee this all happens in the nook so that we don't have food on our lovely white specialist flooring!
